What YOU Need To Know!

- SB225 and What That Means for Chiropractors!
- EEOC Requirement for YOUR Office
- Aetna/NIA Update

The PCA has worked hard with the Patient Provider Coalition on SB225!

SB225 will be the first EVER minimum standards for insurance carriers to be forced to follow when it comes to pre-authorizations. Not all of it applies to the DC practice, and it's not perfect... there could be a lot more added.

[Read the PennLive article on SB225 Here](#)

One more group win for the PCA leadership and the Legislative Committee in a short period of time! Tell others what the PCA is doing for THEM. Because 4000 DCs will benefit, but only you the current members are paying for these wins. Imagine what we could accomplish for patients and Chiropractors when all 4,000 of us pay dues and get involved more!

More to Come on SB225 in the Next Few Days!

New Poster from EEOC - Must be Displayed in ALL Offices

New EEOC Rule Requires ALL Employers in the US to Now Post this Form/Poster as of 10/20/2022
